

The Wanderer exhibition – law firm art for access to justice

Artist, lawyer and mediator Zoë Durand brings both art and law together in her solo exhibition, **The Wanderer** at the **Arthouse Hotel** (275 Pitt Street, Sydney), running from **4th August to 8th November**.

Importantly, a portion of the **proceeds of paintings sold will go to Youth Law Australia, Minds Count and Justice Connect**. Zoë believes there is a beautiful big hearted logic to the **proceeds of art purchased for law firm foyers and offices going back to support access to justice**. **She seeks to create a generous link between law firms and the not-for-profit law sector through art** and change the way law firms consume art. This exhibition is only the first iteration of her project to encourage law firm art for access to justice. If you or your firm are interested in being involved please contact Zoë.

Whilst working as a family lawyer, mediator (and author of *Inside Family Law*), as an artist Zoë has exhibited in Sydney, Melbourne, New York, London, Scotland, throughout China and at a contemporary show at The Louvre in Paris. This show, and the wider project of art for access to justice is the culmination of her life and career passion for both art and law.

This exhibition is proudly sponsored by Condon Legal, Dorter Family Lawyers, Evans & Elliott Lawyers and Farrar Gesini Dunn.
