CITY OF SYDNEY
LAW SOCIETY

ABOUT THE CITY OF SYDNEY LAW SOCIETY

The City of Sydney Law Society is one of Australia's leading regional law societies, representing a diverse and dynamic community of legal professionals.

Our members include solicitors, barristers, in-house counsel, government lawyers, academics, graduates and members of the judiciary from boutique firms, national practices and global organisations.

Throughout the year we deliver an extensive program of professional development, networking and educational initiatives designed to strengthen individual practitioners while contributing to the broader legal profession.

In an increasingly digital profession, the Society provides something that has never been more valuable.

- ◆ ——— A place where lawyers meet as colleagues.
- ◆ ——— Where ideas are exchanged.
- ◆ ——— Where professional relationships begin.
- ◆ ——— Where careers develop.
- ◆ ——— Where the profession learns from itself.

*Knowledge grows
when it is shared.*

OUR PURPOSE

*To strengthen Sydney's legal profession
through education, connection, professional
co-operation and the exchange of ideas.*

01 — WELCOME

*A profession is stronger
when it comes together.*

For decades, the City of Sydney Law Society has brought Sydney's legal profession together.

Every year we create opportunities for legal professionals to learn from one another, build lasting relationships, hear from leading practitioners, members of the judiciary and respected voices across the profession, and strengthen legal practice throughout Sydney.

From weekly CPD seminars to networking events at the Downing Centre, the Supreme Court of New South Wales and other iconic legal venues across the city, through to our flagship Annual Dinner and professional forums, our purpose has always remained the same.

Communication.

Fraternity.

Professional Co-operation.

These principles have guided the Society for generations and continue to shape everything we do today.

As a Corporate Partner of the City of Sydney Law Society, your organisation becomes part of that ongoing story.

Not simply by supporting events.
But by supporting the professional community those events exist to serve.

Our partners become part of the conversations, relationships and ideas that help shape the future of legal practice.

through a
single event.

They are built
one conversation
at a time.

THE SYDNEY LEGAL COMMUNITY

*Supporting a profession
that never stands still.*

Legal practice has never evolved more rapidly.

- ◆ Artificial intelligence.
- ◆ Changing client expectations.
- ◆ Cybersecurity.
- ◆ Mental wellbeing.
- ◆ Technology.
- ◆ Flexible practice.
- ◆ Business development.
- ◆ Leadership.
- ◆ Professional identity.

The pace of change presents new challenges.
It also creates extraordinary opportunities.

More than ever, lawyers need opportunities to learn
from one another, exchange ideas and remain
connected to their profession.

Today's practitioners are navigating far more
than legislation and case law.

They are leading businesses.

Managing teams.

Adopting new technologies.

Supporting clients through increasingly complex matters.

And helping shape the future of legal practice.

The City of Sydney Law Society exists to support
that journey.

- ◆ Every seminar.
- ◆ Every networking event.
- ◆ Every conversation.
- ◆ Every introduction.
- ◆ Every partnership contributes to a stronger,
more connected legal profession.

WHY BECOME A CORPORATE PARTNER?

*Partnership is more than visibility.
It is participation.
It is contribution.
It is an investment in the strength
of Sydney's legal profession.*

The organisations that make the greatest impact are those that actively contribute to the profession they support.

They educate.

They innovate.

They solve problems.

They build capability.

They help lawyers adapt to change.

By partnering with the City of Sydney Law Society, your organisation becomes part of one of Sydney's most respected professional communities.

Together we help shape the future of legal practice by supporting lawyers to:

- ◆ Continue learning
- ◆ Build stronger professional relationships
- ◆ Navigate an evolving profession
- ◆ Embrace innovation
- ◆ Strengthen professional excellence
- ◆ Deliver better outcomes for clients

Corporate Partnership creates value beyond individual events.

It creates opportunities to build trusted relationships with legal professionals throughout the year.

**A partnership that
*benefits everyone.***

We believe the strongest partnerships
create value for everyone.

For our
members.

For our
partners.

For the
profession.

PARTNERSHIP BEYOND SPONSORSHIP

*Community
cannot be built
through a
single event.*

Because lasting partnerships
are built through
relationships—not advertising.

”

Many sponsorship programs begin
and end with one occasion.

One logo.

One event.

Then silence until the following year.

The City of Sydney Law Society
takes a different approach.

Our Corporate Partners are part of an
active professional community
throughout the year.

Across education.

Networking.

Professional conversations.

Thought leadership.

Digital engagement.

Flagship events.

Rather than simply appearing
alongside the profession,
our partners become part of the
professional community itself.

- ◆ They build relationships.
- ◆ Share expertise.
- ◆ Support learning.
- ◆ Contribute to professional excellence.
